

Creating a Positive Safety Culture

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. This course is a MTI Level Two course. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This course will provide the knowledge and tools for participants to gain an understanding of the factors that affect culture and how it impacts safety performance. Management Leadership/Commitment and Employee Involvement are the most critical components of having an effective Safety and Health Management System (SHMS). This course will use data, examples, case studies, and activities to illustrate best practices and assist participants in improving their company's safety culture.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

- ▶ Define organizational culture and its impact on performance
- ▶ Explain the impact of safety systems and other corporate systems on safety culture
- ▶ Evaluate the safety culture within your organization

Required Class for
Safety & Health
Management Systems
Level Two
MTI Certificate

The meeting site and parking is accessible. Individuals attending the meeting are requested to refrain from using heavily scented personal care products, in order to enhance accessibility for everyone. People with disabilities requiring additional services (such as materials in alternative format) in order to participate in the meeting should call 517.322.1809. The Department of Licensing and Regulatory Affairs is an equal opportunity employer/program.

Facilitator

Doug Kimmel is Michigan's Voluntary Protection (MVPP) Specialist, with over 14 years of safety and health experience. His past positions include: Worker's Compensation Underwriter, Loss Prevention Consultant, and MIOSHA Safety Consultant.

Doug earned a B.S. (Business Management) degree from Ferris State University, is certified in Workers' Compensation Rating, and has successfully completed numerous safety and health training courses. During his time with MIOSHA, Doug has performed hazard surveys and conducted training at both individual companies and conferences. He has been a speaker at the Michigan Safety Conference and has developed original safety-training programs, which are shared with other safety consultants in the Division.

Presenters: Doug Kimmel and Anthony Neroni, Senior Occupational Safety Consultants; and James Getting, Senior Construction Safety Consultant; MIOSHA-CET Division
